

What to consider when choosing an after school program:

Beyond basic concerns such as safety, a clean environment, enjoyable activities, and a trained staff, what else should you consider? Visit the programs before you enroll your child and ask the following questions to determine if the program will meet your child's needs.

- Does the program offer a variety of academic, recreational, cultural, and community activities?
- Is the facility licensed by the State of California, or a recreational program?
- Is there enough room for the children to play indoors and outdoors?
- Do the caregivers seem happy, knowledgeable, and friendly?
- Are the caregivers trained and experienced?
- Are there enough caregivers to supervise the children?
- Is the programming tailored to the ages and needs of the children who are being served?
- Does it use fun, hands-on approaches to learning?
- Does the program offer activities that expand and enrich the curriculum that the children receive during the school day?
- Is help with homework provided, as well as time and space for quiet study?
- Is staff-parent interaction encouraged?
- What type of flexibility is offered to accommodate parents' schedules?
- Are there resources such as a library and sports equipment?

The programs listed are not endorsed or recommended by the County of Ventura, Child Development Resources of Ventura County, Inc. or Children's Home Society of California. They are listed for information only. Be sure to check out a program thoroughly before registering your child. Use the questions listed above to help determine if the program will meet the needs of you and your child. We regret any omissions made.
